

JUNIOR FIREFIGHTER PROGRAM
DUNCAN VALLEY RURAL FIRE DISTRICT
903 SE OLD WEST HWY. P.O. BOX 39 DUNCAN, AZ 85534

The Junior Firefighter Program was instituted by the Duncan Valley Rural Fire District (DVRFD) as a training program for young men and women, aged 15-18, interested in serving their community and preparing to become active firefighters upon reaching the age of 18. At age 18, the Junior Firefighter is eligible to become a full member of the Duncan Valley Rural Fire District upon successful completion.

As a Junior Firefighter, members serve in a support role for the senior firefighters at actual emergencies as a supplement to a formal training program. The Junior Firefighters attend monthly training drills with the full Department. A DVRFD fire officer serves as the Junior Firefighter training officer, and he is the primary contact person for the Junior Firefighter. Those selected are expected to act in a mature manner and commit to a demanding, long-term program.

In both training sessions and actual emergency situations, the safety of the Junior Firefighter is of paramount concern to the Department. As such, the activities of the Junior Firefighters are limited in scope and the fire officers closely supervise them. The Junior Firefighters quickly become an integral part of the firefighting team during emergencies, serving in such important capacities as establishing a water supply, supplying equipment for interior firefighters, changing air packs, manning exterior hose lines and assisting with interior overhaul once a fire has been extinguished. It should be understood, however, that despite the training and supervision provided, firefighting is a dangerous activity and serious injury is a possibility. The fire officers will make every effort to minimize the Junior Firefighters' exposure to danger. It is also the responsibility of the Junior Firefighter to avoid known hazardous situations.

Due to the inherent dangers of firefighting, strict rules of conduct and tight procedural standards have been established. In an actual emergency, it is essential that all firefighters, including Junior Firefighters, act in a calm and efficient manner. The Junior Firefighters are expected to attend training drills to be prepared for the many challenges presented in an emergency situation. Each member is expected to read and understand these requirements and to adhere to the standards. The DVRFD fire and administrative officers are available to discuss any questions.

Emergency Response

1. Junior Firefighters may respond to emergency alarms, except as outlined in (2) and (3) below. Junior Firefighters should respond to the firehouse or as directed by the DVRFD Chief or Junior Firefighter Training Officer via a standing assignment order. Junior Firefighters may respond on DVRFD apparatus if seats are available (Junior Firefighters will relinquish seats to senior firefighters as needed). Junior Firefighters are under the command of DVRFD fire officers from the time of their arrival at the station or emergency scene until released from duty by a DVRFD fire officer. If no officer is aboard the apparatus, the Junior Firefighter will be under the command of the driver until reassigned to a DVRFD fire officer. Firefighters are not to leave an emergency scene without the knowledge and consent of a DVRFD fire officer (each firefighter is to speak with a fire officer directly, not via a third party).
2. Junior Firefighters may not respond to an emergency alarm relating to a hazardous material incident, biological or nuclear hazard, explosive device, terrorist incident, police jurisdiction/crime scene assistance or mass casualty (defined as one likely to involve four or more individuals seriously injured or killed- such as an incident involving a train, aircraft or bus accident). Junior Firefighters are not to respond to a mutual aid alarm outside Duncan Valley Rural Fire District Jurisdiction unless directed by a DVRFD Officer.
3. Prior to responding to alarms, the Junior Firefighter must be trained, and demonstrate proficiency in the use of SCBA equipment. Junior Firefighter use of SCBA equipment at an emergency scene is reserved for defensive, escape purposes only. A Junior Firefighter is to remain well clear of an area of operation requiring use of supplemental breathing air.
4. Firefighters must wear all protective gear while riding on the apparatus and at an emergency scene.
5. Under no circumstances is a Junior Firefighter to enter a burning structure, confined space or underground area, or area subject to a collapse hazard. Once a fire has been brought under control, and the building determined to be structurally sound and free of hazardous materials and toxic gas, the Junior Firefighter may enter the building only if accompanied by a DVRFD fire officer or his/her designee. This must be with the consent of the Fire Chief. Junior Firefighters may operate exterior hose lines under the direction of a fire officer or his/her designee. Junior Firefighters must remain well clear of a motor vehicle fire or other type fire presenting exposure to flammable liquids or hazardous materials. At an emergency scene, a Junior Firefighter may not climb a ladder or operate from a roof or other elevated position. At an emergency scene, a Junior Firefighter may not operate any power tool, hydraulic or pressurized air operated equipment, or cutting device.
6. Upon arrival at an emergency scene, a Junior Firefighter is not to enter a private dwelling or other structure with senior firefighters for investigation or emergency

action of any type, unless expressly instructed to do so by the Fire Chief or a Fire Officer. Junior Firefighters are to remain with the apparatus or in close proximity to the incident commander and await specific orders from a DVRFD fire officer. If the Junior Firefighter receives orders from an officer (or request from a firefighter) of another fire department, it is incumbent upon the Junior Firefighter to advise that officer or firefighter of his/her status as a Junior Firefighter and the limitations placed upon him/her. If ordered to enter a structure by a DVRFD fire officer for any type of emergency action, the Junior Firefighter must be accompanied at all times by a DVRFD fire officer or his/her designee.

7. All orders received from a fire officer are to be obeyed and executed completely. If, due to safety concerns or for any other reason, the Junior Firefighter is unable to complete an assigned task, the officer issuing the order, or another officer in his/her absence, should be immediately notified by the Junior Firefighter who received the order.
8. At an emergency alarm involving downed power lines or gas leak, the Junior Firefighter must remain aboard the apparatus until the area of operation for the Junior Firefighter is determined to be safe by a DVRFD fire officer.
9. If assisting with directing traffic, the Junior Firefighter must wear a reflective vest and reflective striped turnout coat. In the evening hours, the firefighter must make use of a flashlight. The Junior Firefighter must operate only in an area within sight of fire apparatus and/or a police vehicle displaying flashing warning lights. The Junior Firefighter is not to direct traffic on a divided highway or in snow or ice conditions that may impair motor vehicle control. When assisting with traffic control or crowd control, the instructions of a police officer are to take precedence.
10. Firefighters are not to make any public comments or make statements to the media at the time of an emergency incident, or following the incident, concerning conditions relating to the emergency scene. Examples of comments to avoid are the cause and origin of a fire, condition of fire victims, condition of a home interior or fire fighting technique. All public inquiries are to be referred to the incident commander or DVRFD Chief. It should be understood by the Junior Firefighter that fire inspectors or arson investigators and other governmental officials are required to inspect certain types of damage- their presence may in no way indicate suspicion of wrongdoing on the part of the property owner. Firefighters must also understand that individuals whose property has been damaged or destroyed and/or family members injured or killed are extremely sensitive to the statements and actions of emergency personnel. DVRFD firefighters are expected to demonstrate the utmost of respect and compassion for these individuals in both their words and actions.
11. Valuables found at an emergency scene are to be immediately turned over to a DVRFD fire officer or police officer. Theft by a Junior Firefighter will result in an immediate suspension from the Junior Firefighter Program and the Greenlee County Sheriff's Department will be notified.

12. Junior Firefighters are not to have any direct contact with an injured person or dead body unless properly certified (First Responder, EMT or Paramedic), and then only at the direction of a DVRFD fire officer. Report any accidental contact with blood or other bodily fluid to a DVRFD fire officer or safety officer immediately, so that medical treatment can be initiated promptly.
